Front End Developer incorporating research experience from a History background. Passionate about innovation and creativity, and committed to community service.

INDUSTRY EXPERIENCE

Heirloom Media Technologies | **Culver City, CA (remote)**

Front End Engineer Intern | *September 2021–December 2021*

- Worked with a team of 4 experienced developers to bring a new product to life using Typescript, React, and Graphql.
- Played a key role in migrating the codebase to a new architecture, improving the maintainability, scalability, and overall performance of the application.
- Implemented complex animations to deliver a clear and delightful experience for users.

PROJECTS

Photography Portfolio - *NextJs | TypeScript | Sanity* | **Live Project**

Photography Portfolio complete with Blog & Stripe Payment Integration | *Repository: https://github.com/RotichD/photography-personal*
Deployed: https://dylanrotich.art
